Reports and Announcements

Melissa D'Eloia, ACC Chair, reported: ACC Executive Committee did not meet last week due to the conflict with the Faculty Senate meeting. The Faculty Senate approved all of the policy changes passed on October 22, 2024 by ACC.

Jack Herring, Associate Vice President for Academic Affairs, reported: The [Joint Transfer Council](#) (JTC), which works on policies to coordinate transfers from community and technical colleges in Washington, met today. One of the issues discussed was how to fulfill diversity, equity, justice requirements and related political concerns. He would like to meet with the PEJ Task Force Chair once that person is named. Becky Johnston, Faculty Senate Specialist, reported that the Task Force will meet next week and that a chair may be named at that time.

Shelli Soto, Associate Vice President for Enrollment Management, reported: She has been talking with the enrollment team regarding the issue of some departments that are making commitments to students regarding transferability of credits that are not transferable under JTC rules. They will be working to make sure staff are trained about these requirements.

Discussion Items

Follow-Up on 50% Rule: There was a brief discussion regarding constituent feedback. The Chair asked commissioners to collect more data about how the policy impacts students. The Chair said that it is important to make sure that Western's policies are being compared accurately with the policies at other Washington universities so that it can be determined if Western's policy is an outlier or if this is a curricular issue that should be addressed by working with the Chemistry Department and Advising. This issue will continue to be discussed by ACC.

Status update for Recommended Review of All Permanently Approved Online/Hybrid Courses for Compliance: [Jamie Lawson, Catalog and Curriculum Specialist, gave an update on college submissions.](#) Commissioners discussed how to proceed with the two colleges (CBE and CFPA) that have asked for extensions and concerns were raised about the delays and workload required to complete the review process. It will be communicated to colleges which courses to prioritize based on whether any will be offered in Winter Quarter and that a final extended deadline would be January 31, 2025.

Modality approval deadline for Summer Session 2025: OCE sent a summer planning communication with a mid-February browse courses deadline. Because the ACC has a March 4 deadline, ACC will move the modality approval deadline for summer session to the February 18, 2025 meeting.

¹ [ENG 301](#) approved pending additional rationale for removal of repeatability and "topics vary" language.
